Pastor. Founder. Keynote Speaker. AI Strategist.

Author of THE REALM: Why Influence Isn't Accidental · Book One of the Realm Methodology series

ABOUT

For nearly three decades, Terrence Higgs has helped leaders transform vision into execution at the intersection of leadership, communication, faith, and technology. He is the founder and lead pastor of The Iconic Church and the architect of the Realm ecosystem of AI platforms — SpeakerRealm, BookRealm, ContentRealm, MinistryRealm, and more — operating systems built to help leaders govern influence at scale.

His conviction is simple: the next generation of influence will not be built by working harder. It will be built by leaders who build the systems that let vision, communication, execution, and leadership finally function together.
